

LeafBlox

LeafBlox Installation Instructions.

To clean LeafBlox simply remove the LeafBlox brushes, shake thoroughly and return to gutter.

Tip Box

The black UV treated polypropylene bristles absorb heat on sunny days speed the snow and ice melting process along the gutter.

No tools required for installation.

1. Fill gutters end-to-end with LeafBlox. Slide beneath gutter nails or hangers.

2. Simply bend LeafBlox to easily fit around a corner. At the end of the gutter simply fold over the remaining portion of LeafBlox.
